Subject: H-1B Visa Petition for Dr. [Employee's Full Name]

To Whom It May Concern,

I am pleased to write in support of the H-1B visa petition for Dr. [Employee's Full Name], a candidate whom [Hospital/Clinic Name] is eager to employ as a Medical Doctor, specifically in the specialty of [specific specialty].

Dr. [Employee's Full Name] is a graduate of [Medical School Name], holding a degree that is fully equivalent to a U.S. medical degree, and has completed [his/her] residency in [Residency Specialty] at [Institution Name]. Additionally, Dr. [Employee's Full Name] has gained valuable experience in [specialty] through rigorous training and work in diverse clinical settings.

Our offer of employment comes after an exhaustive search for a suitable candidate who meets our high standards of care and specialization in [specific medical field or practice]. Dr. [Employee's Full Name] not only meets these standards but has demonstrated a level of expertise and dedication that is rare in our field. [He/She] is expected to play a crucial role in our ongoing efforts to [briefly describe the medical service, research, or care objectives].

The position requires specialized knowledge in [specific area of medicine or medical procedures], and we have ascertained through our recruitment process that candidates with Dr. [Employee's Full Name]'s specific skill set are scarce in the U.S. job market. Therefore, employing Dr. [Employee's Full Name] is

essential for our healthcare facility to maintain the quality of care and service we pledge to our community.

In compliance with the labor condition application, Dr. [Employee's Full Name] will be compensated at a wage of [Annual Wage], which is above the prevailing wage for a Medical Doctor with his specialization in our area.

We request your full consideration and approval of Dr. [Employee's Full Name]'s H-1B visa petition. His expertise is indispensable to our institution's commitment to health care excellence and innovation.

Thank you for considering our petition.

Yours sincerely,
